No Control

The Readymen

Hey, I got the right of way
And that's all you got to say
I been thinking about, thinking about
Some things I thought I'd never be thinking
Too many drugs dropped into my mouth
Looking for something new but I end up drinking
Ignore the warnings on the shore
I'll take my chance swim into danger
I wanna taste life more and more
But you need a little risk for the perfect mixture
This is your station under no control
Broadcasting for you to let go
This is your station under no control
Get up, get up, get up, get up, get up, enjoy the show
Hey, I got the right of way
That's all I got to say
Jesus gone just a flame and a bomb
Now how do you explode unstable
A big suit with a brief case
I'm holding contracts stating how your labeled
Holding on to a phone on hold
While I'm told to wait for the next operator
I wanna taste life uncontrolled

Oh, no here I go I hope to see you later
This is your station under no control
Broadcasting for you to let go
This is your station under no control
Get up, get up, get up, get up, get up, enjoy the show
Hey, I got the right of way
That's all you got to say
This is your station under no control
Broadcasting for you to let go
This is your station under no control
Get up, get up, get up, get up, get up, enjoy the show
This is your station under no control
Broadcasting for you to let go
This is your station under no control
Get up, get up, get up, get up, get up, enjoy the show

Everything that I would like to see
Broadcast this emergency
Everything that I would like to see
Broadcast this emergency
Emergency, emergency
Emergency, emergency
