

All I Have

Sworn Enemy

The beauty in your eyes still sustains me
And I know if I were to spit in your face
 You would take me back
 You would love me
 You would take me back
 I know you would love me
 If I were to stab you in the heart
You would bleed for me if it made me happy
 If I were to stab you
 You would bleed for me
I am nothing that's of worth to you
 Take all I have
Though I may never understand it
 I won't stop believing
 You offer me another chance
 A new solution
 An' I don't understand it
 But I won't stop believing
There is nowhere I would rather be than in your arms
 You've proven time and again who you are

 I continue to run away
 But you're right here
 You take me back
 You're right here
I am nothing that's of worth to you
 Take all I have
Though I may never understand it
 I won't stop believing
 You offer me another chance
 A new solution
 An' I don't understand it
 But I won't stop believing
I am nothing that's of worth to you
 Take all I have
Though I may never understand it
 I won't stop believing
 You offer me another chance
 A new solution

An' I don't understand it
But I won't stop believing
