Life Itself

George Harrison

You are the one, You are my love
You send the rain and bring the sun
You stand alone and speak the truth
You are the breath of life itself
Oh yes, You are, You are the one
You're in my dream
I hold you there in high esteem
I need you more each step I take
You are the love in life itself
Oh yes, You are, You are the One
You are the one that I'd die for
And you're all that is real
You are the essence of that
Which we taste, touch and feel
You are the one, no matter what
You are the real love that I've got
You are my friend and when life's through
You are the light in death itself
Oh yes, are, You are the One
They call you Christ, Vishnu
Buddha, Jehovah, our Lord
You are, Govindam, Bismillah
Creator of all
You are the one, no matter what
You are the real love that I've got
You are my friend and when life's through
You are the light in death itself
Oh yes, are, You are the One
You are my love
You send the rain and bring the sun
You stand alone and speak the truth
You are the breath of life itself, oh yes, You are
You are the breath of life itself
Oh yes, You are, You are the one
