Spellbound

Melissa Otero

I am no more spellbound
Thank God I'm finally found
Your love no longer binds me
I'm released, finally freeThe spell is broken tonight
I finally let go deep inside
I kept searching for the answer
But it doesn't really matterSpellbound, you know I was
Spellbound but now it's no moreYou took my heart and broke it
You had me on the highest mountain
Then once there I fell for you
And fell hard to something I never knewNow you're no longer here
You finally disappeared
Deep down I knew this would come
But prayed it would never be doneSpellbound, you know I was
Spellbound but now it's no more
