

Coming Clean

The Get Up Kids

Found my place in the sun,
Lied my way there.
I look in your eyes
I'm coming clean.I've made up my mind (I've made up my mind).
I've made up my mind (I've made up my mind).
To lie would be compromise
To lie would be to compromise and I won't try.I'm sorry.
I hope you'll forgive me.
But what you want from me is
Is killing me.I've made up my mind (I've made up my mind).
I've made up my mind (I've made up my mind).
To lie would be compromise
To lie would be to compromise and I won't try
