

Viva la Vogue

Army of Lovers

I like to do it, baby
I like to do it, like to do it
Ooh yeah, I like to do it I like to do it, baby
I like to do it, like to do it
Ooh yeah, I like to do it Aha, I like it
I like to do it, baby
Aha, I like it
I like to do it, like to do it Aha, I like it
Ooh yeah, I like to do it
Aha, I like it
I like to do it, baby Aha, I like it
I like to do it, like to do it
Aha, I like it
Ooh yeah, I like to do it, aha aha And when the sun goes down
We're moving underground
I'm in a catwalk mood
Viva la vogue We move from side to side
Driving the dance floor wild
We're in a catwalk mood
Viva la vogue Grip my hips and move me
Everybody get down on me
Grip my hips and move me
Everybody get down on me Grip my hips and move me
Everybody get down on me
Grip my hips and move me
Grip it good And when the sun goes down
We're moving underground
I'm in a catwalk mood
Viva la vogue We move from side to side
Driving the dance floor wild
We're in a catwalk mood
Viva la vogue
