Snowbound

Ozark Mountain Daredevils

Every thing's freezin' up fast
Everyone's lookin' for wood
Some folks say, "It won't last"
Some folks say, "It's for good"I got my lady and my time to kill
I guess, I'll stay here by this window sill
'Cause I'm snowbound, snowboundSomebody said, "It's a sign"
Somebody said, "It's a shame"
Somebody said, "It's a crime"
Who do you blame?I got my firewood and my kerosene
I think I'll lay back and just dream a dream
'Cause I'm snowbound
Yes, I'm snowboundThere ain't no way to get out
There ain't no way to get in
I don't know what it's about
And there ain't no sign of the endI got my rocker and my apple wine
I might just stay here 'til the end of time
'Cause I'm snowbound, snowbound
Snowbound
