

# Snowbound

## Ozark Mountain Daredevils

Every thing's freezin' up fast  
Everyone's lookin' for wood  
Some folks say, "It won't last"  
Some folks say, "It's for good" I got my lady and my time to kill  
I guess, I'll stay here by this window sill  
'Cause I'm snowbound, snowbound Somebody said, "It's a sign"  
Somebody said, "It's a shame"  
Somebody said, "It's a crime"  
Who do you blame? I got my firewood and my kerosene  
I think I'll lay back and just dream a dream  
'Cause I'm snowbound  
Yes, I'm snowbound There ain't no way to get out  
There ain't no way to get in  
I don't know what it's about  
And there ain't no sign of the end I got my rocker and my apple wine  
I might just stay here 'til the end of time  
'Cause I'm snowbound, snowbound  
Snowbound
