

Sugar Mama

Keren Ann

You're hardly a superstar
But you're a serious man
You need a serious car
And some girl with a plan
So take me for a ride
You can surprise me
Somewhere in the wild
You can lay down beside me
You know i need a special friend
And i got dollar bills to spend
Sugar mama, sugar
I can give you what you need
You can't refuse the fancy shoes
And drinks with all the who's and who's
Sugar mam, sugar
Love and money guaranteed
I wanna use you and abuse you
You ain't got too much to lose
I once had a superstar
He was a frivolous man
He drove a frivolous car
And we both had a plan
We were hanging in bars
I was loosing my head
Then a young friend of ours
Took my place in my bed
You know i need a special friend
And i got dollar bills to spend
Sugar mama, sugar
I can give you what you need
You can't refuse the fancy shoes
And drinks with all the who's and who's
Sugar mama, sugar
Love and money guaranteed
I wanna use you and abuse you
You ain't got too much too lose
You're hardly a superstar
But you're a serious man
You need a serious car

And some girl with a plan
