

# Broken Dreams

## Basement Jaxx

I'll tell you how my day has been  
How the sun has caught my face?  
How I lull myself to sleep?  
Waving shadows on my face Chasing dreams that just passed by  
Broken dreams, I'm just too late  
Chasing dreams that just passed by  
Broken dreams, I'm just too late Chasing dreams  
Chasing dreams  
Chasing dreams  
Chasing, chasing broken dreams  
Chasing dreams  
Chasing dreams  
Chasing dreams  
Chasing, chasing broken dreams  
(Aa aa) If only you could keep me warm?  
If only you could keep me from harm?  
If only you could? Chasing dreams that just passed by  
Broken dreams, I'm just too late  
Chasing dreams that just passed by  
Broken dreams, I'm just too late Chasing dreams  
Chasing dreams  
Chasing dreams  
Chasing chasing broken dreams  
Chasing dreams  
Chasing dreams  
Chasing dreams  
Chasing, chasing broken dreams  
(Aa aa) Broken dreams
