You Break My Heart

The Milk Carton Kids

You break my heart into so many pieces
You break my heart like nobody does
You break my heart in all the right places
Then again, you break it some moreYou break my heart as if you meant to
And I know there's no way you know
How you break my heart, then take my heart
Then break my heart for goodYou break my heart as if you meant to
And I know there's no way you'd know
How you'd break my heart, then take my heart
Then break my heart for good
