Greatest Gift

Hillsong London

Condemnation falls away
Never more to call on me
And I am clean, yes, I am clean
The powerful work of You in me
Breaks the chains of guilt and shame
And I go free, yes, I go freeI take them to Your cross
And leave them there
Captured by this grace
Im free at lastIt is the great gift of Your salvation
Working in me, working in me
It is the life giving taste of Heaven
Your kindness revealed
Your kindness revealed to meIts the greatest gift of all
Its the greatest gift of all
Its the greatest gift of allIts the greatest gift of all
Its the greatest gift of all
Its the greatest gift of all
Its the greatest gift of allYour mercys pouring down on me
Your mercys pouring down on me
And I am clean, I am clean
Your mercys pouring down on me
Your mercys pouring down on me
And I go free, I go free
