Let's Pretend We're Married

Tina Turner

Excuse me but I need a love like yours
To help me forget the guy that just walked out that door
Funny, but it seems that you're alone like me
If you are then let's go see, see, seeLittle darlin', if you're free for a couple of hours
And ain't busy for the next seven years
Let's pretend we're married and go all nightThere ain't nothin' wrong if it feels all right
I won't stop until the morning light
Let's pretend we're married and go all night, tonightOoh, we, coo-coo, sha-sha, yeah
Everybody sing together
Ooh, we, coo-coo, sha-sha, yeahExcuse me, but I need your tender skin
Don't you want to be my fantasy?
I don't care if you don't ever comeAnd if you go
(So what?)
C'mon baby, let's ballAnd if you're free for a couple of hours
And ain't busy for the next seven years
Let's pretend we're married and go all nightThere ain't nothin' wrong if it feels all right
I won't stop until the morning light
Let's pretend we're married and go all night, tonightOoh, we, coo-coo, sha-sha, yeah, everybody sing together
Ooh, we, coo-coo, sha-sha, yeah
Ooh, we, coo-coo, sha-sha, yeah
Everybody singing, ooh, we, coo-coo, sha-shaWhat you heard about me is true
I change the rules and do what I wanna do
I'm in love with life, it's the only way'Cause you and I know we gotta go some day
If you think I'm wild, you're probably right
'Cause I'm gonna rock 'n roll everyday and every night
