

# Bumble Bee

## Fifth Dead

Bumblebee  
You're my little bumblebee  
Always there to rescue me  
When trouble comes awry  
Can't you see  
What it is you mean to me  
Everything is peachy keen  
When you're by my side  
Walking home from her house  
Couldn't think of things to say  
Walking home from your house  
Mercury's in retrograde  
Even though I couldn't find the words to say  
It's understandable hey hey

Bumblebee  
You're my little bumblebee  
Always there to rescue me  
When trouble comes awry  
Can't you see  
What it is you mean to me  
Everything is peachy keen  
When you're by my side  
Stuck inside a dream  
Hope it lasts forever  
As long as we're together  
Gonna dream my life away  
Vividly I see  
That stark white stork approaching  
Lately he's been coaching  
Our little family
