

# It's A Wrap

## Incorporated Elements

Yet another early morning  
And you walking like it's nothing  
Hold up, hold up, hold tight  
Ain't no donuts, ain't no coffee  
See I know you seen me callin' and callin'  
I should crack you right in your forehead  
Let me take a breathe and regain my composure  
Told you one more time if you f'd up, it's over  
When it's gone, it's gone, it's gone, it's gone  
You're dead wrong, so wrong, so wrong, so wrong  
So just scoo-do-do-do-do, scoo-do-do-do-do, baby  
It's a wrap for you, baby  
It's a wrap for you, boy, oh baby  
If I ever misrepresented my self image  
Then I'm sorry, I was, oh, so acquiescent  
But I learn my lesson, boy, you sorry  
Bump, bump, bump, all out in the open  
Don't make me go call Maury Povich  
Let me take a breathe and regain my composure  
Told you one more time, if you f'd up, it's over  
When it's gone, it's gone, it's gone, it's gone  
You're dead wrong, so wrong, so wrong, so wrong  
So just scoo-do-do-do-do, scoo-do-do-do-do, baby  
It's a wrap for you, baby  
It's a wrap for you, boy, oh baby  
Put all of your shit in the elevator  
It's going down like a denominator  
Trying to keep holding on, holding on  
Boy, let me go  
You gonna wake my neighbors  
Get away from my door  
That was your last shot, you ain't coming back  
It's the Martini, I mean it baby, it's a wrap  
When it's gone, it's gone, it's gone, it's gone  
You're dead wrong, so wrong, so wrong, so wrong  
So just scoo-do-do-do-do, scoo-do-do-do-do, baby  
It's a wrap, I told you, I told you  
It's wrap, if you f'd up one more time it's over  
It's wrap, so get out of my face it's over

Been sitting here all night leave me alone  
Since 1 o'clock a.m. been drinking Patron  
Let the credits roll
