

The Keys

Talisco

Hey ya, hey ya, hey ya
You have the magic core
Feel free to see once more Hey ya, hey ya, hey ya
You have the magic core
Feel free to see once more We can dance in air
Oh
We can drive in hell
It will be over We can dance in air
Oh
We can drive in hell
It will be over We have the keys
Playground of kids
We are not alone yet
Enjoy my dear We have the keys
Playground of kids
We are not alone yet
Enjoy my dear We don't need to have dreams, we enjoy the moments
We have the keys
We have the keys
We don't need to have dreams, we enjoy the moments
We have the keys
We have the keys Hey ya, hey ya, hey ya
You have the magic core
Feel free to see ones more Hey ya, hey ya, hey ya
You have the magic core
Feel free to see once more We can dance in air
Oh
We can drive in hell
It will be over We can dance in air
Oh
We can drive in hell
It will be over We have the keys
And there's no joker
We have the keys
And we are across the line We have the keys
And there's no joker
We have the keys
And we are across the line We don't need to have dreams, we enjoy the moments
We have the keys

We have the keys
We dont need to have dreams, we enjoy the moments
We have the keys
We have the keysHey ya, hey ya, hey ya
You have the magic core
Feel free to see ones moreHey ya, hey ya, hey ya
You have the magic core
Feel free to see ones moreWe can dance in air
Oh
We can drive in hell
It will be overWe can dance in air
Oh
We can drive in hell
It will be overNo more pain
And no more rules on your way
And you'll never ever complainNo pain
No rules on your way
And you'll never ever complainHey ya, hey ya, hey ya
You have the magic core
Feel free to see ones moreHey ya, hey ya, hey ya
You have the magic core
Feel free to see ones moreWe can dance in air
Oh
We can drive in hell
It will be overWe can dance in air
Oh
We can drive in hell
It will be over
