Only Us

Redmoon

We could be holding up our light
We could be fighting for whatâ€™s right
Or we could be falling to pieces
Under the bridge a fire burns
Somewhere the pages start to turn
And somebody whisper â€œI need thisâ€•

I will do anything
Just to make you see
Donâ€™t apologize
For whatâ€™s in your dreams
Maybe this time will be different

Itâ€™s only us
Itâ€™s only us
Itâ€™s only us
Tonight

There is a beacon in the night
Found in the temple of our life
Showing us visions of the future
So many faces left to find
Down in the caverns of our mind
Need you to follow me deeper

I will do anything
Just to make you see
Donâ€™t apologize
For whatâ€™s in your dreams
Maybe this time will be different

Itâ€™s only us
Itâ€™s only us
Itâ€™s only us
Tonight
