

# Crushin'

## A Sunny Day In Glasgow

Are we crushin' tonight?  
From the bed to the floor  
Ooh, I know what you like  
    You got that feeling  
    By the look on your face  
    You touch and tease me  
    Now I'm ready to play  
    My hands run up and down  
    Your thighs and your waist  
    You whisper  
    Let's go back to my place  
You know that you are turning me on  
    When you act this way  
There's so many ways to make love  
    I am asking you baby  
    Are we crushin' tonight?  
    From the bed to the floor  
    Ooh, I know what you like  
    Are we crushin' tonight?  
    From the bed to the floor  
    Ooh, I know what you like  
    Crushin' tonight baby  
    Ain't nothing wrong  
    With being freaky with me  
We just be crushing, living fantasies  
    Crushin' tonight baby  
You on top of me, me on top of you  
Hitting them switches in every room  
    Crushing all night through  
You know that you are turning me on  
    When you act this way, yeah  
There's so many ways to make love  
    So I am asking you baby  
    Are we crushin' tonight?  
    From the bed to the floor  
    Ooh, I know what you like  
    Are we crushin' tonight?  
    From the bed to the floor  
    Ooh, I know what you like

When I get you home  
It's gonna be some back breaking  
    Love making, wall shaking  
Working your body, so smooth, so soft  
    We gonna ride till the wheels fall off  
It's gonna be some back breaking  
    Love making, wall shaking  
Working your body, so smooth, so soft  
    We gonna ride till the wheels fall off  
    Are we crushin' tonight?  
        From the bed to the floor  
        Ooh, I know what you like  
        Are we crushin' tonight?  
        From the bed to the floor  
        Ooh, I know what you like  
        Are we crushin' tonight?  
        From the bed to the floor  
        Ooh, I know what you like
