Sad Machine (Janpier X Waverokr Bootleg)

Porter Robinson

Is anyone there?
(Play)Who survived?
Somebody new?
Anyone else but you
On a lonely night
Was a burning light
A hundred years, we'll be born againAnd though I know, since you've awakened her again
She depends on you, she depends on you
She'll go on, and never speak of this again
We depend on you, we depend on you
And though I know, since you've awakened her again
She depends on you, she depends on you
She'll go on, and never speak of this again
We depend on you, we depend (I depend) on you(Play)I don't know much about your life beyond these warm walls
The fleeting sense of love within these God forsaken homes
And I can hear it in his voice, in every call;
"This girl who slept a hundred years has something, lift the wall"And though I know, since you've awakened her again
She depends on you, she depends on you
I'll go on, and never speak of you again
We depend on you, we depend on you
And though I know since you've awakened her again
She depends on you, she depends on you
She'll go on, and never speak of this again
We depend on you, we depend on you
And though I know since you've awakened her again
She depends on you, she depends on you
She'll go on, and never speak of this again
We depend on you, we depend (I depend) on you(Play)
