

# Nu Shoes

## Wonder Girls

My nu shoes my brand nu shoes my nu shoes  
My nu shoes my brand nu shoes my nu shoes I got no car, got no money money  
I spent too much on Manolo Blanic  
'Cause I needed higher heels for my long legs  
To start a fire on the floor with my hot steps I got a bunch of pairs 'cause I like it like it  
When I see Gucci boots I getting so excited  
Other things don't really really matter  
I feel like I'm in heaven when I walk on leather  
Fly so high When I'm dance dance dance dance  
Dancing with my new shoes on  
Tonight I'm gonna hit the club  
Dance dance dance  
'Till the early morning sun comes up  
Tonight I'm never gonna stop Oh oh oh oh oh Everybody go  
Oh oh oh oh oh Here we go go  
Dance dance dance dance  
Dancing with my nu shoes on I got no choice I am too addicted  
So sad without only happy with it  
Sometimes I really wish I had four feet  
So I could dance with myself to the drumbeat Kicks on the chicks on the chicks  
'Cause I like it like it  
Lift ya but lift ya but 'cause I la la la like it  
Other things don't really really matter  
I feel like I'm in heaven when I walk on leather  
Fly so high Oops, here we go here we go and we like it like it  
Oops, here we go here we go and we like it like it We never go back  
Step by step into a brand new start  
We never get down  
Never turn around just walk too far  
They show me the way  
I do what I want and I got no to do's  
I got nothing to loose  
When I'm dancing with my new shoes
