

# Branded

Robert Kramer

I'm gonna leave my mark on you  
You're gonna know I was here  
I'm gonna make you remember me  
Am I makin myself clear. I'm so good you can't ignore me  
I'm so bad, you'd wish you had  
Just take a moment to explore me  
Everyone gets their turn.  
Come on and feel the burn. You're Branded by my love  
You're Branded by my love  
You're Branded by my love  
Can you feel the burn? Just go ahead and try and run from me  
There's no place that you can hide  
I'm gonna fill ya, I'm gonna thrill ya  
You're gonna feel me inside. You can't escape from all this passion  
You can't escape from all this pain  
You won't be able to forget me, forget me  
These memories driving you insane  
Love that pain. Branded by my love  
You're Branded by my love  
I say you're Branded by my love  
Can you feel the burn  
Burn, burn, burn. I say you're Branded by my love  
You're Branded by my love  
I say you're Branded by my love Can you feel the burn (x4)  
Can you feel the burn, burn, burn (x4)  
Can you feel the burn...
