

The Slow Song

[Amy Shark](#)

I got caught up in conversation
You're the only one with my attention
And all I want to do is melt into you
It's the highlight of my night
Wait for a slow song
Wait for a slow song to come on
Wait for a slow song Is it me or did it just get hot in here?
I thought you wouldn't show
And then you were there in front me
Looking incredibly lovely
Wait for a slow song
Wait for a slow song to come on
Wait for a slow song
You got cunning eyes for a control freak
So much attitude without knowing
And all I want to do is dive into you
From the moment I met you
Wait for a slow song
Wait for a slow song to come on
It might make you whisper
And I'll have to move closer to hear you Is it me or did it just get hot in here?
I thought you wouldn't show
And then you were there in front me
Looking incredibly lovely
Wait for a slow song
Wait for a slow song to come on
Wait for a slow song
I get high with your hand on my thigh
I'm all over you
It's what I came here to do
I'm an obvious girl, one thing on my mind
I don't care if I look like the desperate kind Wait for a slow song
Wait for a slow song to come on
Wait for a slow song
Wait for a slow song
Wait for a slow song to come on
Wait for a slow song It might make you whisper
And I'll have to move closer to hear you
