Mess Around

Super Wild Horses

Uh, yeah, come on now, Chipmunks
Bringing it back
It's been a long time
It's been a long road
But you know how we do it for you
(Come on)
Girls, we hypnotize, make them realize
Look into their eyes, it's amazing
Now we're at the top and you know we're hot
All the hits we got
Yeah, their blazing
We used to talk about it
We used to dream about it
And then we think about it
We knew we'd make it
So ladies, raise you hands and
Yeah, fellas go on in and go ahead
And plan your game and go ahead, get crazy
It's been a long time coming and we're keepin' it hot
It's been a high road, baby, but it's worth, it worth it all
When I'm out on the road, listen up
Bet you know we keep it going for you
Now I'm a gonna turn you up
'Cause you know we don't mess around
Uh, yeah, one more time
Now we don't mess around
Yeah, yeah
Baby, ladies like our sign
Fellas like our sign
We'll be here a while
Yeah, we're stayin'
'Cause we know how to rock
Know how to keep it hot
We'll give it all you got
There's no playin'
That's why we keep on singing
That's why the funky feeling
That why we wont stop dreaming
That's why you're swaying

So ladies raise your hands
And, yeah, fellas go on in and
Go ahead and plan your game
And go ahead get crazy
It's been a long time coming and were keepin' it hot
Its been a high road, baby, but its worth it, worth it all
When I'm out on the road, listen up
Bet you know we keep it going for you
Now, I'm a gonna turn you up
'Cause you know we don't mess around
Uh, yeah, what cha say now?
Now, we don't mess around
Uh, uh, yeah
Come on, girl, take it to the bridge
Chipmunks, go fly
Keep on rockin' us every night
Chipmunks so hot, keep on
Keepin' on never gonna stop
It's been a long time coming and were keepin' it hot
Its been a high road, baby, but it's worth it, worth it all
When I'm out on the road, listen up
Bet you know we keep it going for you
Now, I'm a gonna turn you up
'Cause you know we don't mess around
Its been a long time coming, baby, we cant lie
From the the hood in the west Cali-fo-i
A to the L, V to the I
N to never quitin', yo, we keepin' it live

Keep on rockin' us every night
Chipmunks so hot, keep on
Keepin' on never gonna stop
It's been a long time coming and we're keepin' it hot
It's been a high road, baby, but its worth it worth it all
When I'm out on the road, listen up
Bet you know we keep it going for you
Now, I'm a gonna turn you up
'Cause you know we don't mess around
Aha, aha

Now, we don't mess around
Ya'll hear that

(One time)
Now, we don't mess around
