

Children of Neon Lights

La Fleur Fatale

I had far too much to drink last night
Trying to put on my greatest smile
Putting my hand connected to a drink
One I be in a room where glasses clink[Chorus]
Where will we run tonight
Children of Neon Lights
Lost down here because there's nothing else to do[Chorus]Putting my hand connected to a dream
Make me feel good till the ghosts come in
Love is like a helter-skelter fall
You reach the bottom to find no shelter more
