

# Rainbow Serpent

## Xavier Rudd & The United Nations

### RAINBOW SERPENT

#### XAVIER RUDD & THE UNITED NATIONS

We make the colors of the rainbow serpent  
Call us in to return to this island  
Break the mold of religious conditioning  
Return to spirit one soul at a time  
We make the colors of the rainbow serpent  
Call us in to return to this island  
Break the mold of religious conditioning  
Return to spirit one soul at a time  
We make the colors of the rainbow serpent  
Call us in to return to this island  
Break the mold of religious conditioning  
Return to spirit one soul at a time  
We make the colors of the rainbow serpent  
Call us in to return to this island  
Break the mold of religious conditioning  
Return to spirit one soul at a time  
We make the colors of the rainbow serpent  
Call us in to return to this island  
Break the mold of religious conditioning  
Return to spirit one soul at a time  
We make the colors of the rainbow serpent  
Call us in to return to this island  
Break the mold of religious conditioning  
Return to spirit one soul at a time  
One people, together one people  
United we will soar with the strength of an Eagle  
One people, together one people  
Together we will soar like the nations before us  
One people, together one people  
United we will soar with the strength of an Eagle  
One people, together one people  
Together we will soar like the nations before us
