

Ghost in the Mirror

Motionless in White

Ghost in the mirror.

Just look beyond, the balanced reflection. So tell me dear (tell me dear), can your heart still break

If it's already stopped beating? So tell me dear (tell me dear), can your heart still break

If it's already stopped beating? Never take your pulse for granted again,

She doesn't know, she doesn't know the kiss of death.

Black is black and love is, love is death.

Black cats, Black hearts, the wicked never rest.

I curse the day I let you in. So tell me dear (tell me dear), can your heart still break

If it's already stopped beating? So tell me dear (tell me dear), can your heart still break

If it's already stopped beating? Everyday is a funeral.

I'm not afraid of being alone (be alone), I'm just afraid of being vulnerable. Ghost in the mirror (Ghost in the mirror),

Ghost in the mirror, Ghost in the mirror

Oh! I curse the day that I let you in. So tell me dear (tell me dear), can your heart still break (can your heart still break)

If it's already stopped beating So tell me dear (tell me dear), can your heart still break

If it's already stopped beating So break, Never take your pulse for granted again,

She doesn't know, she doesn't know the kiss of death.

Black is black and love is, love is death.

Black cats, Black hearts, the wicked never rest.

I curse the day I let you in. This is horror (this is)

This is sin (this is)

We are evil (evil)

We are !, We are (death) This is horror

This is sin

We are evil

We are death
