

# Baby Don't Let Me Down

## Buddy Miller

Start up the engine and get back home  
Hurry go tell mother  
Johnny got a gun to shoot a squirrel  
He put down your brother  
Daddy ain't no where to be found  
It's getting way past midnight  
Momma she's left here to cry alone

While I steal a kiss in the moonlight  
This place is slow and I just want to go  
Find myself a self in a all night town  
It's more than I deserve I know  
But Baby don't let me down

Beauty has poisoned me ?  
Better than the Bugs in the cotton  
Now I gotta have another drink

To kill all the pains' I've gotten  
This place is slow and I just want to go  
Find myself a self in a all night town  
It's more than I deserve I know  
But Baby don't let me down

Baby don't let me down  
All the crops have gone to seed  
The maze has turned into clover  
Silos emptied the gins closed down

Somethings you never get over  
This place is slow and I just want to go  
Find me some love in an all night town  
It's more than I deserve I know

But Baby don't let me down  
This place is slow and I just want to go  
Find myself a self in a all night town  
It's more than I deserve I know  
But Baby don't let me down  
Baby don't let me down
