Hard Road

Triumph

It's a hard road
A hard road to follow
It's a hard road
It's the highway to tomorrowHey you, man, what do you know?
It's not so easy on the lonely road
Hey man, where do I go?
Nothin' to win and nothin' to showHard road
Hard road to follow
It's a hard road
It's the highway to tomorrowHey you, human sacrifice
You paid the road, was it worth the price?
It takes, it takes, it doesn't ask twice
You could win the world
You could lose your lifeHard road
Hard road to follow
It's a hard road
It's the highway to tomorrow'Cause it's a hard road
Hard road to follow, yeah yeah yeah
It's a hard road
It's the highway to tomorrowYou waste each precious moment
Chasing rainbows in the sky
The road lies there before you
Are you afraid to try?You're so clever, you're so cool
But you're just another number
Just another fool
How you thirst for sweet revenge
But you're the loser in the endHard road
Hard road to follow
It's a hard road
It's the highway to tomorrowI'll take the hard road
The hard road to follow, yeah yeah yeah
I'll take the hard road
It's the highway to tomorrow
Highway to tomorrow
Highway to tomorrowAnd when it's said and done
And the hard road claims you
Even though it won
No one really blames youThe truth gets lost
But the legend will grow

Yesterday's victim, tomorrow's hero
