

# Masquerade (By Alexis Castro DJ)

## Tokio Hotel

To the people  
In the new world  
Haven't you heard  
Everybody's got a great life  
We're living in the blur  
In time, we hide  
In a masquerade of heroes  
A million lies, behind blue eyes  
In a masquerade of heroes  
Scars on our faces  
Are showing the traces  
In a masquerade of heroes  
You don't know what life is  
Until you die for it  
In a masquerade of heroes  
We're the people of  
Of a new world  
Belonging nowhere  
Happy New Year  
Celebrate yourself  
We'll get what we deserve  
In time, we hide  
In a masquerade of heroes  
A million lies, behind blue eyes  
In a masquerade of heroes  
Scars on our faces  
Are showing the traces  
In a masquerade of heroes  
You don't know what life is  
Until you die for it  
In a masquerade of heroes  
Shine on, everyone  
Shine on, everyone  
In time, we hide  
In a masquerade of heroes  
A million lies, behind blue eyes  
In a masquerade of heroes  
Shine on, everyone  
In a masquerade of heroes  
Shine on, everyone  
In a masquerade of heroes
