Rainbow Connection

Kenny Loggins

Why are there so many songs about rainbows?

And what's on the other side

Rainbows are visions but only illusions

And rainbows have nothing to hideSo we've been told

And some choose to believe it

And I know they're wrong

Wait and seeSomeday we'll find it

The rainbow connection

The lovers, the dreamers and meWho said that every wish would be heard and answered

When wished on the morning star

Somebody thought of that and someone believed it

Look what it's done so farWhat's so amazing

That keeps us star-gazing?

And what do we think

We might seeSomeday we'll find it

The rainbow connection

The lovers, the dreamers and meAll of us under its spell

We know that it's probably magicHave you been half asleep and have you heard voices

I've heard them calling my name

Is this the sweet sound that calls the young sailors

I think they're one and the sameI've heard it too many times to ignore it

It's something that I'm supposed to be Someday we'll find it

The rainbow connection

The lovers, the dreamers and me
