

# Girl With No Pantyline

## The Cleverlys

I walked up to the Church doors  
With a sad heart for a friend that just died  
And I held the door for a lady  
It was the first time she caught my eye

Girl with no panty line  
She won't leave my mind  
Though it all looks hopeless  
And I just can't focus  
For the girl with no panty line

I walked up to his coffin  
Thought about the wild times we had  
But as she walked past  
I caught a glimpse of her...back side  
She's a girl with no panty line

Girl with no panty lines  
She won't leave my mind  
Though it all looks hopeless  
And I just can't focus  
For the girl with no panty line

Girl with no panty line  
She won't leave my mind  
I choked on my water  
It's my dead friend's daughter  
She's a girl with no panty line
