

Big Brother

[Macy Gray](#)

Your name is big brother
You say that you're watching me on the telly
Seeing me go nowhere Your name is big brother
You say that you're tired of me protesting
Children dying every day My name is nobody
But I can't wait to see your face inside my door Your name is big brother
You say that you got me all in your notebook
Writing it down every day Your name is I'll see ya
And I'll change if you vote me in
As the prez, the president of your soul I live in the ghetto
You just come to visit me
'Round election time I live in the ghetto
Someday I will move my feet
To the other side My name is secluded
We live in a house the size of a matchbox
Roaches live with us wall to wall You've killed all our leaders
I don't even have to do nothin' to you
You'll cause your own country to fall
