

# Center of the Universe (Lodato & PS1 Remix)

## Axwell

The shadow of your smile  
Under the open skies  
As I close my eyes I can feel the wind arise  
We're made of stardust  
Our lives ahead of us  
We'll ride the magic bus into the heart of love  
I can taste it, taste the feeling  
Of the blue skies, they're for real  
And we're the center of the universe  
Just you and I, and I, and I  
The shadow of your smile  
Under the open skies  
As I close my eyes I can feel the wind arise  
We're made of stardust  
Our lives ahead of us  
We'll ride the magic bus into the heart of love  
I can taste it, taste the feeling  
Of the blue skies, they're for real  
And we're the center of the universe  
Just you and I, and I, and I  
I can taste it, taste the feeling  
Of the blue skies, they're for real  
And we're the center of the universe  
Just you and I, and I, and I  
I can taste it, taste the feeling  
Of the blue skies, they're for real  
And we're the center of the universe
