

Friday Night Lights (feat. Stoomie)

Jallal

I be off at two
Grab on ya shoes
We could roll grab the benz pick you up and get on that cruise
Midnight, but my future looking still bright
Feeling like I'm in a dream but its real life
Ties on the ropes man but I'm still mike
You would never ever know but the hills might
Everybody wanna see morals like
Similar to the hoes that they like
Shots to the face with the girls in disgrace with their bodies interlaced and that's club nights
Oh where y'all tryna
go
Got a little more time to go
See im tryna jet
Flying with the best
All about the business
Shhhh juss listen
No vision in yo songs
But my lyrics they go strong and
They looking at me scared
Lucid captivating dreams yeah
Sticking to the deen
And if you repent you ascend
You could pretend that lifes to short but it feels like it never ends
I just rock mastermind japan
You could really hold my hand
We could really get it down
I could really hold you down like girl i know
Man ima take it back with my brethren
All my sights on heaven, I noticed this is the best
You really looking best dressed and I
I'm tryna deal with the less stress and im
Getting no sleep so restless
This is looking like no joke kid
Man thats the motion
Hold it down
Just be around
You cant stop my niggas
Police free my niggas no no
Two friends hold on you went
We feel so cool baby its so true
yeah
One more wish
No more time
It's like greatest evers
He the greatest evers

Shine like the venom in her, oh no
Slow down, hold my ground, for my town
Living consume silent die
Nigga know me from the fly to the fly
Fly zone
Oh where y'all tryna go
Got a little more time to go
Oh where y'all tryna go Like hold on tight
It's gon be a long night
And if you feel alright
It's friday night lights
