Automatic

Collapsis

It's automatic
I never really had it
The love
That grows in timeApophatic
Cataphatic
She's really not
The tragic kindShe's just waiting for love
But she hasn't got the time
Maybe someday
She'll complainDon't say it to me now
Shut up now
Love will only
Break your heartDon't say it to me now
Shut up now
We were broken
From the startIt's automatic
I never really had it
The love
That grows and diesApophatic
Cataphatic
She's really not
The tragic kindShe's just waiting for love
But she hasn't got a clue
Maybe someday
She'll complainDon't say it to me now
Shut up now
Love will only
Break your heartDon't say it to me now
Shut up now
We were broken
From the startIt's automatic
It's automatic
It's automatic
It's automatic, baby yeahDon't say it to me now
Shut up now
Love will only
Break your heartDon't say it to me now
Shut up now
We were broken

From the startDon't say it to me now
Shut up now
Love will only
Break your heartDon't say it to me now
Shut up now
Shut up now
Shut up now
