High Level (feat. Iggy Azalea)

Skeme

This here that high level
So me and all yall not on high level
High level so me and all yall notStepped in this bitch, whole outfit lookin like a freak show
Still kick game, man this be the flow I make bread off
If you ain't getting money then don't get involved
Better leave me alone, you be better off
I been getting money, ain't set and yall spittin that Rico shit that like a bubble off aye
Red dots for the head shot
Yea the boy kinda short but the bread not
And I fly through the bench, I'mma fuck yall I'm rich
I'mma give her that dick and a finger, hoe look
Like hell I'm supposed to do with all this work?
I'mma need a kick stand for all this purp
Back when you tumbling papers in trash
I was pushing something foreign, 2-20 on the dash like
This here that high level
So me and all yall not high level
Look at me, man you starin at dough
I hear what yall on, no comparing that though
This here that high level
So me and all yall not high level
This here that high level
So me and all yall not on high levelStepped in this bitch, how laugh here lookin like a millie oh for really though?
Can't get to where I'm at, now they see the old 30 and my motion in my videos
Purse worth bands so it's only right I got it
Know the haters watchin, I could give a damn about em
Swear I got a pair of heels longer than yo dick
If yo money work magic, my pussy do tricks
Getting million dollar bags like it's Morrison bitch
Got em going down, under onto Mars and shit
I'm the baddest bitch, boy no argument
And if you ain't with that business then who are you with?
If I'm ridin would you know that could change the lane?
But don't be going up that W tryna change my name
Cus I'm on the top floor where the feelings ain't allowed
If you ain't do it big tell me how you love me now
Going cray
This here that high level

So me and all yall not high level
Look at me, man you starin at dough
I hear what yall on, no comparing that though
This here that high level
So me and all yall not high level
This here that high level
So me and all yall not high levelStill in the war with a rap jet
Dunkin at some pussy you ain't tapped yet
I don't give a damn bout none of yall niggas
AK got a shot in for everyone yall niggas aye
Did my money on European time now
New Rolls and a penthouse nigga
Might suspect you niggas always snitchin
And that's why I never be around niggas
Put the word on the tape
Best kept secret, I speak it with no debate
They say you got it first, getting love and lovers hate
So even if you don't know shit you know it's straight
My brother had a case and he did that time
And I am my brother's keeper so his problems is mine
Fully loaded clip, you want a problem with mine?
Go hard nigga, put it all on the line likeThis here that high level
So me and all yall not high level
Look at me, man you starin at dough
I hear what yall on, no comparing that though
This here that high level
So me and all yall not high level
This here that high level
So me and all yall not high level
