

Wife Er

Spenzo

Goddamn I just seen the baddest girl, she wanted cash, but me wasn't havin' it
She know I'm ballin' like the Mavericks, smash then tune as to who I'ma pass it
Vegetable, fish she in love with cabbage, its in her blood she ain't gotta practice
Everything designer no styling, my girl look like she grew up in a island
My niggas here they be wailing and wildin', my mullah keep pilin'
With me baby you can go far, she say Spenzo you goin' too far I can never wife her
Only one night her
Women full of lies
I just fuck 'em then pass 'em to my guys I can never wife her
Only one night her
Women full of lies
I just fuck 'em then pass 'em to my guys I live for today, mothafuck tomorrow
We at the top nigga where the fuck is y'all
I'm so high I ain't coming back tomorrow, rich crew shit we finna go national
Baby girl I done heard it all, fuck that shit lemme see you take it off
'Cause tonight from work i'm takin' all, word around town kid Spenz takin' off
Wit' bitches we got trust issues, especially when they say I miss you
When I know they ass lyin', fuck that shit bitch I know ya ass lyin' I can never wife her
Only one night her
Women full of lies
I just fuck 'em then pass 'em to my guys I can never wife her
Only one night her
Women full of lies
I just fuck 'em then pass 'em to my guys
