Like I've Been Changed

Tim Timmons

I've been living just like I'm lost,
Broken down at the foot of the cross
Getting everything wrong trying to get everything rightI've been saved by amazing grace,
But I keep living in the same dark place
Turning down the truth and turning up the lightNo more
I'm done
Right now
I'm movin onI was meant for
Made for
Saved for
More than carrying all these chainsHelp me stand up on my feet and walk out from yesterday
Into all your joy and freedom
It's what I want to breathe in here today
I'm gonna live like I've been changedOh, changed
Oh, been changed
Oh, changedWanna think a lot less about me
Want my heart to see what you see
When I seek you first, who knows what you will bring?Oh Jesus turn me upside down
Shake my world till yours is found
Let my life show I believeI was meant for
Made for
Saved for
More than carrying all these chainsHelp me stand up on my feet and walk out from yesterday
Into all your joy and freedom
It's what I want to breathe in here today
I'm gonna live like I've been changedOh, changed
Oh, been changed
Oh, changedLet your heart be my heart
Let your eyes be my eyes
Let your strength be my strength
Leave the old me behind (2x)No more
I'm doneI was meant for
Made for
Saved for
More than carrying all these chainsHelp me stand up on my feet and walk out from yesterday
Into all your joy and freedom
It's what I want to breathe in here today
I'm gonna live like I've been changedOh, changed
Oh, been changed

Oh, changed
I'm gonna live like I've been changedOh, been changed
Oh, changed
I'm gonna live like I've been changed
