Shout! I want to hear you shout
Hear you cry all night long for me
Donâ€™t tell me how to act
Iâ€™ll be the one I am â€“ myself
Youâ€™ll be getting off today
Iâ€™ll make you shout, Iâ€™ll make you pray
Down! Get down my bride
Thereâ€™s a million ways to use your mouth
So Why? Why do you talk?
You got to swallow my lies tonight
I want to hear you scream for me
See you begging on your knees
Beg! Scream!
Get down! Get down for me!
In! Insane!
In my! In my mind!
Stop! I wonâ€™t let you out
Let you out of your cage tonight
How? How am I alive?
I might just end it right here and now
I donâ€™t want to be that man again
Leave you crying in the rain
Wake up
My life
I live my lies
I live my lie
