

Circle the Sky

MyChildren MyBride

You made this bed with idle hands,
tired hearts, and unspoken souls, our
death is out new breath
my coma is my lifeSleep on, dream on
Circle the skyI know you're better than this
You're not the same as you were before,
You've changed you're not the sameYou're not the same as you were last night
You've changed, you're not the same
The I Love You's and goodbye hugs, right out
the door
