if you wana come around me pack yo bags
cause we must go there soon.
and it aint no shame its part of my game (believin in his name)
so if you callin from the mall and you want me to meet yah
i have to listen to the preacher first

(chours)

if u want to go hang u might be the lame for me to get my praise on
so that i can stay strong its all at church tonite if u goin to the game u might have to wait for me to get my dance

even when im at school its running through my head that im so grateful the reason that im so happy (hes been so
good to me) ooowo when im in my dream im happy bout your thing ill tell u wat it mean to me i truely know
that im blessed i take it for a granted im goin to listen every chance that i get
