Renegade

Eva Simons

Put it up
Put it up
Put it up
Put it up
Put it up
Put it up oh, oh
Yeah,
From clubs to the blocks
á¹–eople wan' do things
Don't wanna be lusty
Eyes are on, pressure's on
Guns don't stop
The primitives dark and,
Plunge about nothing
It's never done, never gone.But guess if I was for the strong
So just be what you want to be, to be
Ah yeah, ah yeah, ah yeah,
Me I'm a renegade
Plus not into uh
Wanna be watching and pointing
Too busy guessing he's calling
Not into huh
Ain't saying anything,
Ain't saying anything,
Yeah I'm a renegade
Plus, and only I, I can run this life
O-o-o-o-oh
Can't price me, I'm priceless
So you can't put no tags on me
Without me erupting.No key to unlock
I switch without warning
Roll ho I'm rolling
What I am, is who I am
Won't hold back
Don't expect no apology
If not I'm becoming
Understand, I'm keeping it moving.Cause if you can't be yourself
You're a shell
And can't be anyone else

Could never be
Success is being who you are
You only!Me I'm a renegade
á¹–lus, not into uh
Wanna be watching and pointing
Too busy guessing he's callingNot into huh
Ain't saying anything,
Ain't saying anything,
Yeah I'm a renegade
Plus
And only I, I can run this life
O-o-o-o-oh
Can't price me, I'm á¹—riceless
So you can't put no tags on me
Without me erupting, erupting, eruptingMy light will keep on shining on
Do what feels right
To me, myself and I
What ever comes I'm standing strong
Reinventing everything I know
My light will keep on shining bright
Bring what I want, only I define
The rules of how I live my life
More time breaking,
As I'm rocking now
O-o-o-o-oh.
So walk the way you're walking now
Do your thing as you bless your trail
Yeah walk the way you walk
Let the... see
Gon' take you just the way you want tonight
And the only one to please is yourself,
Believe me, that's what makes you a starWe are a renegade plus
And only I, I can run this life
O-o-o-o-oh
Can't price me, I'm priceless
So you can't put no tags on me
Without me erupting, eruá¹—ting, erupting
Not watching anything that they're saying
No, oh
Oh, decisions I'm the one who's making
I'm me and there will be no faking
No, no-o-oh
So you can't put no tags on me
Without me erupting, erupting, erupting
