Lover

Birgit

Lyrics: j perkinI just saw a smile in the crowd and it reminded me of you
In the happy days before this solitude
Time stood still and I realized that against my will
Leaving forced loving into painOh lover, lover, lover, lover, lover, lover, lover
Lover, lover, lover, lover, take me in your arms againGently heard your voice, felt you close
As if you were standing right beside me
As if I'd never went away
But I'm ready now to face this bitter wrong somehow
And proof what words can not explainOh, oh, oh, lover, lover, lover, lover, lover, lover, lover
Lover, lover, lover, lover, take me in your arms again
Lover, lover, lover, lover, take me in your arms again
Lover, lover, lover, lover, take me in your arms againI thought that I had lost my love
But you're the one I dreaming of
It came to hunt me everyday
And I tried to run away, I tried to be apart
But I can not escape a loving heart, a loving heartI will understand if you can't like before
But please take me in your arms once moreOh lover, lover, lover, lover, lover, lover, lover
Lover, lover, lover, lover, take me in your arms again
Lover, lover, lover, lover, take me in your arms again
Lover, lover, lover, lover, take me in your arms again
Lover, lover, lover, lover, lover, lover, lover
Lover, lover, lover, lover, lover, lover, lover
Take me in your arms and hold me like before
Take me in your arms and I'll be yours
Once more
