

Hang On

Die Happy

Could you save me
As I'm drowning
In the dark?
Do me a favor
Look me deep in the eye
For your sake
Do you see my heart?
Do you see the light?
The fire's gonna burn forever Hang on tonight
Hang on this time
It's not easy to believe
Hang on tonight
Hang on this time
We'll be able
To turn the page and start again Could I take your heavy burden
Off your back?
Please forgive me
Beg your pardon
If I'm late to regret
The fire's gonna burn forever Hang on tonight
Hang on this time
It's not easy to believe
Hang on tonight
Hang on this time
We'll be able
To turn the page and start again
