

# Fireworks

Stina Nordenstam

These fires never die  
They told me this would help  
I'm walking by the waterI'm falling with the tide  
They said that this would end  
I went as far as I couldI'm on distant ground now  
Fishing boats go by  
I fall asleep too earlyI scream and no one hears me  
The waves will wipe it out  
And we'll be even[Chorus:]  
I turn my face to  
From wherever the wind blows  
Is it worth so much to try[Chorus]I'm at the airport waiting  
For lights to fade below  
And then: something elseAll instant things are fading  
The pain will go  
I won't rememberAnd if the lights went out  
If the elevator stopped  
If we were lost where I wasOr in the deepest tunnel  
The train just stopped  
But you gave me no chance[Chorus x2]
