

Say It With Me

Chris Brown

Aye baby
I don't like the way you got me feelin' lately,
Oh
They say baby
I'm feelin' like you found someone to replace me,
Oh
Do you remember you used to say that you would never walk away
'Cause I remember the time and a place like it was just yesterday oh
Baby had me (gone gone gone)
But you won't have me (I'm gone gone gone)
Say no more 'cause I know what you came for, just wanna play them games girl It's so hard, to be let down (Let
down baby)
Tell me you won't do this to me
We've come so far (So far baby)
To give up now (To give up now)
Girl that's just the way it should be Say it with me babe
Say it with me
Say it with me babe
Say it with me
Say it with me babe
Say it with me
Say it with me baby Hey baby
Now you're crazy
But you ain't that crazy about me
'Cause you think that you can get whatever you want
So you lie and you try to play me say lady,
You're cold, you're poison to me
And I know
Do you remember you used to say, that you would never walk away
'Cause I remember the time and a place like it was just yesterday
Baby had me (Gone gone gone)
But you won't have me (I'm gone gone gone)
Say no more 'cause I know what you came for, just wanna play them games girl It's so, to be let down (Let
down baby)
Tell me you won't do this to me
We've come so far (So far baby)
to be let down (Let down baby)
Girl that's just the way it should be Say it with me babe
Say it with me

Say it with me babe
Say it with me
Say it with me babe
Say it with me
Say it with me baby Hey baby please don't take my love away
Tell the DJ keep this party going hooray hooray
Hey baby please don't take my love away
Tell the DJ keep this party rockin' hooray hooray
