Settle

Two Door Cinema Club

Learn to fly,
Learn to fly,
Show the world
How you tried.But don't let go
Until you know,
Until you know
Me.'Cause I can see,
I can see
All the things
Arresting me.
But I control,
I control.When I get home,
When I get home,
I need to feel less alone.
I couldn't feel,
I couldn't feel
Anybody.This isn't home,
This isn't home,
I couldn't feel more alone.
I need to feel,
I need to feel
Somebody.'Cause I see the world
In different colours
To someone like you.The city will pull you in
Romantic and drenched in sin, love.
But you only have but a time
Until this place
Will swallow you whole.And everything I cannot imagine.
This dim-lit room has seen much before me.
And I don't want
To ever know,
To know.The city will pull you in
Romantic and drenched in sin, love.
But you only have but a time
Until this place
Will swallow you whole.
