

Come To

Bombay Bicycle Club

Come to
Come to
Come to I'm kneeling down to get closer to the sign
And you're breaking my back every time It's hard to see it for all the rust
But I saw it fading and I have some faith in us Don't need to tell me
You know this ain't nothing new
Of course I love you
Of course I do But to outplay is not to love
And yet I keep on coming back to call your bluff It's hard to see it for all the rust
But I saw it fading and I have some faith in us Come to
Get me, get me
Come to
Come to
Get me, get me
Come to
Come to
Get me, get me
Come to Your evening eyes
The rain outside
The way I know
No fear that I'll
Be fading out alone Your evening eyes
The rain outside
The way I know
No fear that I'll
Be fading out alone (It's hard to see it for all the rust
But I saw it fading and I have some faith in us)
Your evening eyes
The rain outside
The way I know
No fear that I'll
Be fading out alone It's hard to see it for all the rust
But I saw it fading and I have some faith in us
