Black Roses

Charli XCX

Purple and scarred
Is the color that will be on my heart, my heart, my heart
When you are done and dustin' with me
I fall apart when I watch you touch yourself on my skin, on my skin, on my skin
I know you're tired of stickin' to meDeep in black roses
Dateless doses
I'm fallin' victim to black rosesI've got a diamond desire
Gonna step into the blue fire
Touchin' your lips with my skin
I'm on another level (I can't let go)So tell the gun to sin
Like an angel with the dirty wings
Tainted by tastes of the soul
This is another level (I need to love)Deep in black roses
Dateless doses
I'm fallin' victim to black roses
Black roses
Black roses
I'm fallin' victim to black rosesYou're turnin' me off
I won't praise a man to fuck but you keep turnin' me on
You're turnin' me on
You're turnin' me offBlack roses
Cold, dark dust
Black roses
Cold, dark dust
Black roses
Cold, dark dust
Black roses
Black rosesDeep in black roses
Dateless doses
I'm fallin' victim to black roses
Black roses
Black roses
I'm fallin' victim to black roses
Black roses
Black roses
I'm fallin' victim to black roses
Black roses
Black roses
Black roses
