Crazy Life

Gino Vannelli

It's a crazy life, a hazy life, a mixed up jumbled phasy life
A crazy life for people who want to smile
I just don't understand, why so hard to say 'Hello' before 'Goodbye'It's a coo coo life, a lulu life, a moody magic voodoo life
A coo coo life for people who want to love
I just don't understand, why so green that it's been hang-ups day to day
I gotta pack up get away'Cause it's a crazy life, yes, it's a crazy life, crazy lifeIt's a stupid life, elusive life, a lonely stuck secluded life
A stupid life for people who want to fly too high
I just don't understand, why so blue, what to do
I'm gonna kiss my sky, goodbye, I'm gonna jump way down and die'Cause it's a crazy life, yes, it's a crazy life, crazy life
